

# **Indian National Public School**

## **SDG- Sustainable Development Goals**

The National Education Policy (NEP) aims to align the Indian education system with the Sustainable Development Goal 4 (SDG-4) – “Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all” by 2030.

INPS is committed to sensitizing the staff and student body as well as creating awareness in the wider community around the sustainable development goals.

### **SDG integration in the curriculum**

SDGs are woven into INPS’ way of working and curriculum through innovative and creative thinking in arts, crafts, static models, theatre, dance, and music.

### **INPS’s commitment to NEP’s SDGs is demonstrated in the following actions:**

- Making sustainability goals like inclusivity and equity an integral part of recruitment and admission practices and policies
- Participation in the Swachh Bharat campaign
- Voluntary free-of-charge health check-ups
- Raising awareness through participation in inter-school events with sustainability as a theme, Nukkad Natak, Debates, participation in various events organized by Government and other bodies
